

# HOW TO INSTALL ZOOM ON A WINDOWS 10 COMPUTER

1

On a computer, use your internet browser to visit the website [www.zoom.us](http://www.zoom.us)

3

Click **Run** if/when your computer asks for permission to download Zoom.

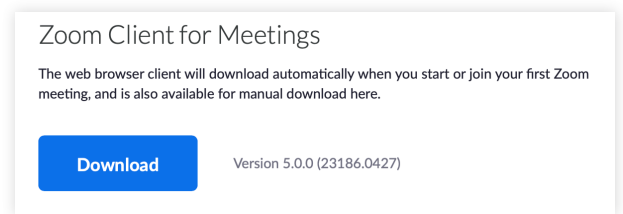

## Note

You may be required to take action to proceed through the installation process by selecting **Continue** if/when given the option. For some users, you may also require your computer's password to permit the install.

*Always to try to push the Zoom software forward by selecting options that make the most common sense to move towards launching Zoom successfully.*

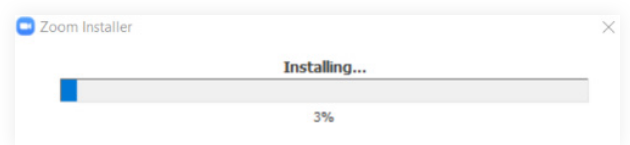

2

Click on the **Download** button under Zoom Client for Meetings.

4

The Zoom Installer will display the progress of the download. Once complete, the Zoom application will open automatically.

**You're all set. Time to Schedule a Zoom Meeting!**
